* Of course this message really isn't from Barbra Streisand herself. As far as we know, Barbra Streisand knows nothing about WITASWAN, International SWAN Day or anything related to any of this. That said, however, surely we all sensed that there was *something rotten in the state of Hollywood* when she won a Golden Globe for Best Director in 1984 for *Yentl*, but was shut-out anyway the day Oscar nominations were announced. So let's just assume we have her blessing as we continue our attack on the Celluloid Ceiling and all barriers to gender equity/pay equity for women & girls 😊
