## AAUW StartSmart Salary Negotiation - NYIT

My Start Smart AHA moment was when I realized that I could have gotten a much higher salary during the role playing exercise. I feel that instead of taking the employer's word, I should have negotiated more; now I know better! I really enjoyed the workshop and I earned quite a bit. I want to thank you and everyone involved for taking the time to share this very valuable information with us.

## Diversity and Inclusion

Diversity is critical to AAUW's mission. Issues of equity — from fair pay to sexual assault to access to health care — affect all women, and women in marginalized

groups often disproportionately experience the effects of these issues. To succeed in empowering women and girls, we must have diverse voices contributing different perspectives.

## AAUW Applauds Passage of The Paycheck Fairness Act

By passing this important bill, the House of Representatives has demonstrated its commitment to the economic security of American women and their families. We know there is a pay gap for all women, at every age, in every part of the country, and in nearly every industry. The gap has closed by less than a nickel in the 21st century, and it's obvious that something needs to be done to ensure families can thrive.

"The Equal Pay Act of 1963 was a powerful first step, but the law has been weakened over time as the workforce demography has changed. We need new tools to fight discriminatory pay practices, and we need effective incentives and assistance to help employers comply with the law. The Paycheck Fairness Act provides these tools by closing loopholes in the Equal Pay Act and putting new protections in place for the benefit of all American workers. Its passage is long overdue.

"AAUW commends Representative Rosa DeLauro (D-Conn.) for her leadership on this bill for over 20 years. We urge the Senate to follow the House's lead and act now to pass the Paycheck Fairness Act. We can't wait any longer for equal pay."

Mary C. Hickey, AAUW

### YOU CAN: GIVE WOMEN TOOLS TO NEGOTIATE THEIR SALARIES

Did you know that 57% of men try to negotiate their salary, but only 7% of women do?  
**HOW CAN YOU PROVIDE WOMEN WITH THE SKILLS THEY NEED TO NEGOTIATE TO HELP CLOSE THE GENDER PAY GAP?**

**THE ANSWER:** You can spread the word about the **FREE** AAUW salary negotiation workshop course "**WORK SMART ONLINE**" at <https://salary.aauw.org/>. It is a complete computer course, comprehensive, amazing, informative, and worthwhile. It gives women the tools they need to negotiate for better salaries and benefits. They'll learn the market value of their skills and experience; be able to determine an equitable "target salary"; and have more confidence and better negotiating skills to ask for and get the pay they deserve.

Do contact family, friends, and acquaintances who would benefit from taking this **FREE WORK SMART ONLINE** class and encourage them to us it and to tell others about it.

## Public Policy

### AAUW Public Policy Priorities!

AAUW's mission is to advance gender equity for women and girls through research, education, and advocacy. The work of AAUW builds upon responsible public participation, and the following priorities provide a basis for AAUW members' actions at the local, state, national, and international levels.

Implicit in each is support for government agencies administering programs, including adequate appropriations, effective and accountable administration, and provision for citizen participation. AAUW advocates public discussion to ensure enlightened decisions on these priorities. AAUW works to increase the number of women and other underrepresented populations in policy- and other decision-making positions.

AAUW's positions are shaped by its commitment to being nonpartisan and fact-based, and to acting with integrity. AAUW strives for its work to be inclusive and intersectional, collaborating with diverse allies and coalitions to achieve equity for all. Basic to all of AAUW's public policy efforts is the understanding that true equity requires a balance between the rights of the individual and the needs of the community.

AAUW opposes all forms of discrimination and supports constitutional protection for the civil rights of all individuals. AAUW believes that high-quality public education is the foundation of a democratic society and the key to improving economic prosperity and gender equality.

AAUW advocates equitable access to education and climates free of harassment, bullying, and sexual assault. AAUW supports academic freedom, civic education, protection from censorship, bias-free education, and responsible funding for all levels of education, including early childhood education and programs for students with disabilities.

AAUW advocates for increased access to higher education, especially for women in poverty, and promotes equitable efforts to close the persistent achievement gap that disproportionately affects low-income children and students from communities of color. For more information about AAUW's Public Policy Priorities, click on the link below.

## Public Policy Issues

If you would like to promote any of these **public policy issues**, contact Nan Scinta, Public Policy Vice President for AAUW NYS [publicpolicy@aauw-nys.org](mailto:publicpolicy@aauw-nys.org)

1. The Abortion Supreme Court decision - this will have great implications on low-income and young women trying to make their way economically.
2. If you have women in your branch or community who want to run for office in the upcoming primary in June, please invite them to your branch meetings, whether in person or on zoom. We need to support more women in all areas of government.
3. The ERA amendment is now being called the Equality Amendment.
4. The PowHer agenda items that will have priority have been sent to Governor Hochul and to legislative members in both houses. The top item on the list is Child Care access and affordability for all women, and especially those in the lower class and of color. Also, higher wages for Home and Long-Term Care workers will be a top priority in this legislative season. Many female workers in this industry have young children - they cannot afford child care at their current low wages.

## Girls for STEM

**Congratulations to our Diversity & Inclusion Co-Director Anita Nahal, Ph.D.**

on her most recent release of the American and Indian editions of my new nursery rhymes book, **Cashew, Vashew & Other Nursery Rhymes!**

Rhymes in the book are universal and would appeal to children all over the world. Some have been selected from my previous two books of nursery rhymes published way back in 1993 when my son was growing up. Anita's motherly experience with her son

prompted her to write the rhymes originally as she didn't wish to have him learn only the known ones. Some in the new book are based-on Cashew our furry family member!

The book was released just in time for Christmas! This creative book is a great gift for children's birthdays and everyday gifts! Beautifully and realistically illustrated with truly eye-catching images by Anjali Bhardwaj. Please check these out and order your copies for your kids, grandkids, students and feel free to share the links with those who have kids or teach in schools or work in libraries.
