**A LETTER FROM THE EMPIRE STATE VIRTUAL BRANCH
PRESIDENT, MARIA ELLIS**

Dear Friends,

In 1980, President Jimmy Carter declared the week of March 8 Women's History Week across the country. By 1986, 14 states had declared the entire month of March Women's History Month. The following year, in March of 1987, activists were successful: They lobbied Congress to declare **March Women's History Month**. In this issue, we are **honoring our 2023 Girls for STEM Mystery Women**.

2023 Great Decisions

Great Decisions Topics 2023:

Our Great Decisions conversations will start on Thursday, January 5th from 5:30–7:30 pm. Please refer to the Event Calendar listed on this newsletter for upcoming Zoom meetings.

Topics for Great Decisions 2023		Date	Leader
 <p>1. Energy Geopolitics Access to oil and gas has long held an influence over the politics of individual nations and their relations with others. But as more countries move toward sustainable energy, and supply chain shortages affect the availability of oil and gas, how will this change the way in which the United States interacts with the outside world? <i>By Carolyn Kissane</i> Discussion Leader: Maria Ellis</p>	Thurs, Jan. 5	Maria Ellis	
 <p>2. War Crimes Russia's invasion of Ukraine has resulted in widespread charges of war crimes and calls for justice. But what exactly are war crimes? Opinions of what constitutes a war crime have evolved, as have ways to identify and punish the perpetrators. How will the war crimes committed in Ukraine be dealt with? <i>By Francine Hirsch</i> Discussion Leader: TBD</p>	Thurs, Jan. 19	TBD	
 <p>3. China and the U.S. For the past ten years, the United States and China have been locked in a competition for who has the greatest global influence. One major point of contention is the status of Taiwanese sovereignty, which has become even more relevant recently with the possibility that Russia's invasion of Ukraine may prompt China to take similar action regarding Taiwan. How will the United States engage a China which is increasingly seeking to expand its sphere of influence? <i>By David Lampton</i> Discussion Leader: TBD</p>	Thurs, Feb. 16	TBD	
 <p>4. Economic Warfare Waging economic warfare consists of a variety of measures from implementing sanctions to fomenting labor strikes. Such tools are utilized by states to hinder their enemies, and in the case of the United States have been used as far back as the early 19th century. Since Russia invaded Ukraine in February 2022, economic warfare has been the main means for the west to challenge Russia. How effective will these sanctions be at convincing Russia to cease its war? <i>By Jonathan Chanis</i> Discussion Leader: TBD</p>	Thurs, March 2	TBD	
 <p>5. Politics in Latin America Electoral results in Latin America over the past four years have led many observers of the regional/political scene to discern a left-wing surge in the hemisphere, reminiscent of the so-called "Pink Tide" that swept the area some 20 years ago. But how much do these politicians actually have in common? What implication does their ascendancy have for the region? <i>By Jorge Castañeda</i> Discussion Leader: TBD</p>	Thurs, March 16	TBD	
 <p>6. Global Famine Fears of global food shortages have followed Russia's invasion of Ukraine, which has disrupted grain shipments from the major grain producer. But what about countries and regions that were suffering before this impending shortage? How is famine defined, and how is it different from simple food shortages? What if any remedies are there? <i>By Daniel Maxwell</i> Discussion Leader: TBD</p>	Thurs, March 30	TBD	
 <p>7. Iran at a Crossroads By the fall of 2022, Iran was in a state of turmoil due to widespread protests against government-enforced wearing of the hijab, a failing economy, an ineffective new president, and the looming succession of the country's leader, Ayatollah Khamenei. Abroad, renewal of the Iran nuclear deal seemed doubtful and tensions remain high between Iran, Israel, and Arab states. Many Iranians have lost hope of a better future, and the country seems at a crossroads. How should the United States deal with it? <i>By Lawrence Potter</i> Discussion Leader: TBD</p>	Thurs, April 6	TBD	
 <p>8. Climate Migration As climate change accelerates and drought and rising sea levels become more common, millions of people in affected regions must uproot themselves and seek safety elsewhere. Who are these affected individuals, and how might the United States aid them, and be affected by the migration? <i>By Karen Jacobsen</i> Discussion Leader: TBD</p>	Thurs, April 20	TBD

When is the 2023 National Conference for College Women Student Leaders (NCCWSL) taking place?

AAUW is thrilled to announce that registration is now open for the 2023 National Conference for College Women Student Leaders (NCCWSL), which will take place May 31 – June 3, 2023! NCCWSL is the premier experience for elevating leadership, advocacy, and equity for college women, with access to dynamic speakers, workshops, and panels. We are excited to announce this year's event will be **In-Person** at the University of Maryland College Park.

Early Bird Rates (Effective through April 3)

- NCCWSL STEM Half-Day Workshop Only (May 31): \$65
- NCCWSL Residential Conference Only (June 1-3): \$565
- NCCWSL Commuter Conference Only (June 1-3): \$385

New this year is an engaging half-day STEM workshop for all students pursuing an education and career in STEM or any STEM related major. Through collaboration and networking opportunities, panel discussions, interactive demonstrations, and forward-thinking activities, you will learn about your own resiliency and value in the STEM community. You'll meet other women on similar paths, hear from peers and established professionals, explore innovative spaces on campus, and prepare for the exciting journey ahead! For more information, email mellis@fsacap.com.

Who are some of the recipients who have received AAUW Fellowships or Grants in 2020-2023?

AAUW provides the largest fellowship program and the oldest non-institutional source of graduate funding for women in the United States.

AAUW American Fellowships support women scholars who are pursuing full-time study to complete dissertations, conducting postdoctoral research full time, or preparing research for publication for eight consecutive weeks. Applicants must be U.S. citizens or permanent residents. Candidates are evaluated based on scholarly excellence; quality and originality of project design; and active commitment to helping women and girls through service in their communities, professions, or fields of research.

This is a special 10th-anniversary fall issue for us, and the NYC Metro fund has sponsored 13 out of 31 fellows in 2022-2023.

Here are some of the recipients in 2020-2023

Farzana Ali's work focuses on developing a machine-learning model to predict antidepressant response early in treatment using activity data. Such a model will allow remote health monitoring that can benefit women who are more likely to experience depression but lack access to mental-health care due to societal barriers. She is a senior leader in the Ph.D. career ladder program that provides mentoring for grad students and post-docs pursuing careers inside and outside academia.

AAUW StartSmart Salary Negotiation - NYIT

My Start Smart AHA moment was when I realized that I could have gotten a much higher salary during the role playing exercise. I feel that instead of taking the employer's word, I should have negotiated more; now I know better! I really enjoyed the workshop and I learned quite a bit. I want to thank you and everyone involved for taking the time to share this very valuable information with us.

Fellowships or Grants Cont'd.

**2022-23
American Fellow Grantee
Anna Hidalgo**

Anna Hidalgo's research is driven by a commitment to understanding the experiences of marginalized people and communities. Her current project is an ethnography of transnational intimate relationships in a Peruvian town. She examines masculine subcultures, the sociocultural dimensions of tourism and how people use fantasy to cope with structural and personal disappointments. Her earlier work examined the experiences of marginalized people in academia. She was born in the Dominican Republic and raised in South Florida.

**2022-23
American Fellow
Grantee
Azeta Kola**

Azeta Kola's research exposes the nature of early modern empires, offering a more nuanced understanding on the Venetian-Ottoman rivalry for dominion in the Early Modern Mediterranean. Her project shows how vital frontier regions like Albania were as negotiating grounds during the Renaissance. Her goal is to teach and do research as a tenured history professor to close the gender gap in academia.

Sponsors: 1020 - Margaret M. Bryant

**2022-23
American Fellow
Alexandria Ramos
New York University**

Alexandria Ramos is a Ph.D. candidate in New York University's department of English. Her research and teaching interests include women of color feminisms, decolonial thought, migration and diasporas. She is currently working on a dissertation that explores the print pedagogies of U.S. Latinx and Asian American writer-activists in the pre-Civil Rights era.

**2022-23
Career Development Grant
Grantee
Natalie Diaz**

Natalie Diaz is a therapist in training, a changemaker, a leader, a community builder and an activist. She is pursuing a Master of Social Work to practice both direct clinical social work, focusing on counseling for BIPOC individuals, and macro social work, focused on social policy and driving structural change via political social work. Her practice is rooted in social justice, and she is passionate about the principles and practices of racial and economic equity.

**2022-23
Career Action Grantee
Yamilée Toussaint Beach**

STEM From Dance gives girls the awareness and preparation for a STEM education through the creative and confidence-building aspects of dance. Girls will choreograph a dance enhanced with a technological component they learn to code, such as computer-programmed animation that serves as a digital backdrop, music created through coding or costumes with LED lights. Girls also can connect with women in STEM and attend field trips to STEM companies.

**2022-23
Career Action Grantee

Are You Interested in the STEM Fields and All the Potential They Hold— Especially for Girls Like You?

AAUW has created a brand new program for girls in grades 9 through 12 — with a particular focus on girls of color — and for the parents, guardians, and caregivers who support their dreams and aspirations. For more information, email: mellis@fsacap.com.

Diversity and Inclusion

Diversity is critical to AAUW's mission. Issues of equity — from fair pay to sexual assault to access to health care — affect all women, and women in marginalized

groups often disproportionately experience the effects of these issues. To succeed in empowering women and girls, we must have diverse voices contributing different perspectives.

AAUW-Apprises Passage of The Paycheck Fairness Act

By passing this important bill, the House of Representatives has demonstrated its commitment to the economic security of American women and their families. We know there is a pay gap for all women, at every age, in every part of the country, and in nearly every industry. The gap has closed by less than a nickel in the 21st century, and it's obvious that something needs to be done to ensure families can thrive.

"The Equal Pay Act of 1963 was a powerful first step, but the law has been weakened over time as the workforce demography has changed. We need new tools to fight discriminatory pay practices, and we need effective incentives and assistance to help employers comply with the law. The Paycheck Fairness Act provides these tools by closing loopholes in the Equal Pay Act and putting new protections in place for the benefit of all American workers. Its passage is long overdue.

"AAUW commends Representative Rosa DeLauro (D-Conn.) for her leadership on this bill for over 20 years. We urge the Senate to follow the House's lead and act now to pass the Paycheck Fairness Act. We can't wait any longer for equal pay."

Mary C. Hickey, AAUW

YOU CAN: GIVE WOMEN TOOLS TO NEGOTIATE THEIR SALARIES

Did you know that 57% of men try to negotiate their salary, but only 7% of women do?
HOW CAN YOU PROVIDE WOMEN WITH THE SKILLS THEY NEED TO NEGOTIATE TO HELP CLOSE THE GENDER PAY GAP?

THE ANSWER: You can spread the word about the **FREE** AAUW salary negotiation workshop course "**WORK SMART ONLINE**" at <https://salary.aauw.org/>. It is a complete computer course, comprehensive, amazing, informative, and worthwhile. It gives women the tools they need to negotiate for better salaries and benefits. They'll learn the market value of their skills and experience; be able to determine an equitable "target salary"; and have more confidence and better negotiating skills to ask for and get the pay they deserve.

Do contact family, friends, and acquaintances who would benefit from taking this **FREE WORK SMART ONLINE** class and encourage them to us it and to tell others about it.

AAUW LEADING THE WAY TO GENDER PAY EQUITY!
 Nancy Mion, AAUW Empire State NYC Branch

Public Policy

AAUW Public Policy Priorities!

AAUW's mission is to advance gender equity for women and girls through research, education, and advocacy. The work of AAUW builds upon responsible public participation, and the following priorities provide a basis for AAUW members' actions at the local, state, national, and international levels.

Implicit in each is support for government agencies administering programs, including adequate appropriations, effective and accountable administration, and provision for citizen participation. AAUW advocates public discussion to ensure enlightened decisions on these priorities. AAUW works to increase the number of women and other underrepresented populations in policy- and other decision-making positions.

AAUW's positions are shaped by its commitment to being nonpartisan and fact-based, and to acting with integrity. AAUW strives for its work to be inclusive and intersectional, collaborating with diverse allies and coalitions to achieve equity for all. Basic to all of AAUW's public policy efforts is the understanding that true equity requires a balance between the rights of the individual and the needs of the community.

AAUW opposes all forms of discrimination and supports constitutional protection for the civil rights of all individuals. AAUW believes that high-quality public education is the foundation of a democratic society and the key to improving economic prosperity and gender equality.

AAUW advocates equitable access to education and climates free of harassment, bullying, and sexual assault. AAUW supports academic freedom, civic education, protection from censorship, bias-free education, and responsible funding for all levels of education, including early childhood education and programs for students with disabilities.

AAUW advocates for increased access to higher education, especially for women in poverty, and promotes equitable efforts to close the persistent achievement gap that disproportionately affects low-income children and students from communities of color. Public Policy Issues

If you would like to promote any of these **public policy issues**, contact Nan Scinta, Public Policy Vice President for AAUW NYS publicpolicy@aaauw-nys.org

1. The Abortion Supreme Court decision - this will have great implications on low-income and young women trying to make their way economically.
2. If you have women in your branch or community who want to run for office in the upcoming primary in June, please invite them to your branch meetings, whether in person or on zoom. We need to support more women in all areas of government.
3. The ERA amendment is now being called the Equality Amendment.
4. The PowHer agenda items that will have priority have been sent to Governor Hochul and to legislative members in both houses. The top item on the list is Child Care access and affordability for all women, and especially those in the lower class and of color. Also, higher wages for Home and Long-Term Care workers will be a top priority in this legislative season. Many female workers in this industry have young children - they cannot afford child care at their current low wages.

Diversity & Inclusion Co-Director Anita Nahal

Girls for STEM

Let's celebrate "Women's History Month" by joining us at our zoom meeting on **Wed. April 19th from 5:30 pm to 7 pm.** Anita Nahal, Ph.D., CDP, will share with us the "Immigrant single mothers and diversity of experiences." She will read a couple of poems that reflect the above from two of her books:

What's wrong with us Kali women?
(Kelsay Books, 2021)

And Kisses at the espresso bar
(Kelsay Books, 2022)

Anita Nahal is a Pushcart Prize-nominated Indian American author and professor. She has four books of poetry, one of flash fictions, four for children and five edited anthologies to her credit. Her third book of poetry, *What's wrong with us Kali women?* (Kelsay Books, 2021) was nominated by Cyril Dabydeen, celebrated Guyanese Indian Canadian, Ottawa poet laureate emeritus and novelist as the best poetry book, 2021 for *Ars Notoria*. It has also been prescribed as mandatory reading in an elective course on Multicultural Society at Utrecht University, The Netherlands. Anita teaches at the University of the District of Columbia, Washington DC. More on her at: www.anitanahal.com

Girls for STEM Workshops 10:30 am—12 noon

- 1. Brain Games.** Put on your thinking cap and learn to make a model brain cell while learning about all the mind-boggling things a brain can do from recognizing words and colors, to making memories, to controlling your movements. *Jenny Libien, MD, PhD, Chair, Department of Pathology, State University of New York Downstate Medical Center, Brooklyn, NY*
- 2. Introduction to Creative Coding with PSIS.** Students will get first-hand experience of just how much fun coding is! They will create a film poster using code. *Bolor Amgalan, MFA, MA, Adjunct Faculty at Parson School of Design.*
- 3. Survive the Zombie Apocalypse.** Learn to stop zombie disease from spreading. *Whitney Bagge, PhD, MPH, Disease Ecologist, Ecohealth Alliance*
- 4. Let's take a Cell-fie** Students will never look at the vegetable on their plate the same after this workshop. Vegetables and the plants they come from are composed of cells. These cells determine how the plant looks, feels, and tastes. In this workshop, we'll ask what do the cells look like? *Adrienne Roeder, PhD Biology, University of California, San Diego. Kate Harline, PhD Candidate, School of Integrative Plant Science, Cornell University*
- 5. The Ethics of AI through the Colors in Art.** Artificial Intelligence through music and art with the goal of cultivating Racial Equity in the Field of AI. We will explore the field of AI from its basics and create neural art and music. *Anika Puri, Student Researcher, Horace Greeley High School, Founder of MoArt*
- 6. Slide-ing into Cells.** If you sign up for this workshop, we will send you a lab kit with one foldable microscope and several slides of model organisms to observe. During the workshop, students will learn how to draw scientifically. There will also be an optional pre-session for reviewing how to assemble microscopes. *Aliya Fisher, Nicolas Kim, Stephen Ogunbiyi: Student Coordinators for Sparking Teen Research Interest for Diversity and Equity in Science (STRIDES), Bronx High School of Science*
- 7. Navigating COVID 19 in NYC.** Students will use tableau to monitor and make their own predictions on Covid 19 data trends. Students will learn how to use data to better understand the impact of the pandemic across different socio-economic groups, age, and race. *Elise Kohl, MBA, New York University, Stern School of Business-Grant Kushi Shah, MA, in Development Psychology, Director of Data Solutions, Innovative Management Solutions, NY*
